Connect with a Solar System Ambassador Volunteer to Aid in Your Space Science Program

Credit: NASA

This state library project was made possible in part by the Institute of Museum and Library Services
The Solar System Ambassadors (SSA) program works with motivated volunteers across the nation to share the latest science and discoveries of NASA's space exploration missions through a variety of events that inspire their communities.

**NASA@ My Library** is a national STAR Library Network (STAR Net) initiative that connects NASA, public libraries, state libraries, and their communities. Together we are working to increase STEM learning opportunities for millions of library patrons nationwide, particularly those underserved in STEM education.

**NASA@ My Library** is based upon work funded by NASA under cooperative agreement No. NNX16AE30A. Any opinions, findings, and conclusions or recommendations expressed in this material are those of **NASA@ My Library** and do not necessarily reflect the views of the National Aeronautics and Space Administration.
